

One Hour Mentoring and Clinical Case Calls with Jack March

Thank you for requesting a one-hour Mentoring and/or Clinical Case call with Jack, please use the following booking link to choose a date and time at your convenience. Please ensure you select the "1-hour" option from the how long do you need question just above the calendar.

<https://meetings.hubspot.com/jack-march>

If you cannot find any suitable dates or times please get in touch and I will try and accommodate something that suits your timetable.

For Mentoring only sessions please provide an outline of what you would like to cover as early as possible before the meeting.

For Clinical Case Calls, please be prepared to present the case and have to hand any relevant assessments and investigations. We will discuss the case, likely differential diagnosis, formulate a plan to move forwards and Jack will provide any on-the-spot training or signpost to further learning as appropriate.

I look forward to meeting with you and assisting with your journey's progress.

Kind regards

Jack March
